Looks like they want to discuss the legal authorities. Can ORC cover? Will forward you the invite.

We were going to go over the legal authorities issue today is my understanding. That is different from the updates that Shawn has been doing. Do not have to have the region on the call if they don't want – was just to inform me about the legal authorities and whether any civil enforcement being contemplated.

We have an update for you on the OCE general for today. I just spoke with Bill Early and I understand Shawn has been giving daily updates to the Administrator and AA's. The region will be on the phone at 3. Do you still need today's update or should I cut the region loose? Thanks.
